PROMATE ECOMAX

THE MOST EFFICIENT WAY TO TREAT HARD WATER

Hard water takes a toll on your home, leaving behind mineral deposits that clog up appliances, create spotty dishes, and make skin dry and clothes dull and scratchy.

The ProMate EcoMax reduces the effect these minerals have on your family, your home and your water-using appliances.

- Our highest efficiency model yet
- Uses 30% less water and 40% less salt than competing systems
- Designed for simplicity and durability
- Fewer regeneration cycles means lower energy bills
- Carries an independent product certification from IAPMO

DRINKING WATER SYSTEMS

MILLENNIUM RO

If you're looking for superior filtration to remove inorganic materials like nitrates, arsenic or lead, the Hellenbrand Millennium Reverse Osmosis, our most advanced system is a good fit.

- Four Stages of enhanced filtration
- Filters out up to 99% of the contaminants that standard filtrations can leave behind
- Connects directly to your plumbing

Hay & Grain Moisture Testers

WHY TEST MOISTURE?

Moisture is the single most important factor influencing the quality of grain, hay and silage. Moisture management is a continuous process that requires the appropriate measuring tools. Protect your investment by testing moisture content before, during and after the season. Case IH moisture testers operate accurately and quickly, measuring moisture in the field, bin or barn.
